SUMMARY

B. Tech undergraduate specializing in Artificial Intelligence and Machine Learning with hands-on experience in Python, machine learning, and deep learning through academic and internship projects. Skilled in building AI-driven solutions and basic web interfaces using HTML, CSS, JavaScript, and Flask, with a strong interest in applying AI/ML concepts to real world problem solving in an entry-level professional role.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript

Web Technologies: HTML, CSS, JavaScript

Artificial Intelligence and Machine Learning: Machine Learning, Deep Learning, Image Classification

Libraries/Frameworks: Scikit-learn, NumPy, Pandas, OpenCV, TensorFlow

Technologies & Tools: Git, GitHub, Jupyter Notebook, PyCharm, Google Colab

EXPERIENCE

Artificial Intelligence Intern

June 2024 – July 2024

Trios Technologies Pvt.Ltd. | Chennai, India

- Gained practical exposure to Artificial Intelligence concepts through guided internship training.
- Implemented basic AI and machine learning tasks using Python.
- Strengthened understanding of real-world AI applications and workflows.

Machine Learning Intern

August 2024 – September 2024

CodSoft

- Worked on multiple machine learning mini projects during a structured virtual internship.
- Performed data preprocessing and implemented supervised learning techniques.
- Evaluated model performance and improved understanding of applied machine learning concepts.

PROJECTS

SMART AGRI 4.0 – AI Based Plant Disease Detection System

August 2025 – December 2025

- Developed an AI-based plant disease detection system using Convolutional Neural Networks (CNN) to classify plant leaf images.
- Implemented image preprocessing, model training, and prediction using Python.
- Integrated the trained model with a Flask-based web application to allow users to upload images and receive disease predictions.
- Enhanced practical knowledge of deep learning, image classification, and AI-based web deployment.

Technologies: Python, Deep Learning (CNN), Flask, HTML, CSS

EDUCATION

B. Tech in Artificial Intelligence and Machine Learning

Saveetha Engineering College, Chennai

CGPA: 8.4

2023 - Present

Higher Secondary Certificate (12th Grade)

St. James Matriculation Higher Secondary School, Trichy

Score: 86%

2022 - 2023

CERTIFICATIONS & ACHIEVEMENTS

- AWS Cloud Practitioner Essentials | Amazon Web Services (via Coursera)
- Google Cloud Career Launchpad – Data Analytics Track | Google Cloud
- Practical OpenCV 3 Image Processing with Python | Infosys Springboard
- Introduction to Internet of Things — NPTEL
- Microsoft Azure AI Fundamentals | Microsoft
- Generative AI Fundamentals (SAWIT.AI Learnathon) | GUVI
- Web Development Fundamentals | Great Learning
